When logging back into the D2L system the registration link is not highlighted because you are already enrolled. To get back into the course from here click on the My Home tab located at the upper left corner of this window.

Once you click on the My Home tab the next window will be your My Courses page.

**Tabbed Course Listings**

On the My Home page, each user's courses are grouped according to the roles that they have been assigned for each course. Most users have only one role in D2L (i.e., an Instructor or a Student role), so all courses appear as soon as the My Home page loads. Some users, however, have (or have had) multiple roles in D2L. For these users, the My Home page will have multiple tabs -- one for each of the user's roles. Look for the "Student Extra Enroll" tab. Click on the link below this tab to access your courses.

If you continue to have problems getting back into the course please contact Tina Tarin at (520) 626-5851 or thaag@email.arizona.edu
